

SMALL TALK

September 2020

English Language Arts

This month we will be reviewing:

- phonics
- grammar
- naming words
- person
- things
- animals
- place

Hello 1st graders!

I am very excited to see you again in our class!

This month, we will be learning new **phonic sounds**. Do you know these letters: /r/, /m/, /d/, /g/, /o/? Can you give words with those sounds?

We will also start learning a bit of **English grammar**. Have you heard of this before? If not, don't worry, we are going to learn this in school together.

Let's have great 2nd term!

Mr. Bautista

Arts and Craft

Hello 1st Graders!

This summer vacation, I went to **catch fish in a river** near my house and I had a few BBQs with my family. It was really hot so we also played in the pool a lot.

This month, we will be learning about textures and patterns.

A pattern is a part of a design that repeats itself.

A texture is what we see and touch on an object.

How do these things **look**?

Do they have a **pattern**?

If you **touch** them, how would they **feel**?

Useful Words

- Texture
- Touch
- Feel
- Repeat
- Smooth
- Soft
- Rough
- Bumpy

Mr. Chia

Physical Education

Useful Words

- run
- walk
- crawl
- skip
- hop

Hello 1st graders!

It's getting hotter and hotter! Please don't forget to drink your water especially during PE classes.

This month, we will be learning different body movements. We will try to copy different animal movements as well. This is going to be fun!

Let us all have another great PE lesson this month!

Mr. Bautista

How many are left?

Hello 1st graders!

How was your summer vacation? I hope you had fun.

This month, we will be learning about **subtracting numbers** up to 10. We will practice this with lots of math word problems.

Let's try our best and have a great 2nd term!

Mr. Bautista
