Hello students! 😊 Great job on your presentations about the **Author's Purpose** last month! We will begin this month by quickly reviewing it, as well as studying the phonics from Unit 18.

After that, we will start Unit 19: **First**, we will learn new words and review *will*. **Next**, we will learn about the **sequence of events** in our new story ("Tomas Rivera") and think about why **people from the past are important**. **Finally**, we will study new phonics and review the contractions 've and 're!

Let's remember Mr. Smith's **new rules** for this semester and have fun!

Get in line!

Welcome back to school, everyone! This month we are going to start studying about different **lines and shapes**. For example, **perpendicular lines**, **parallel lines**, and various **quadrilaterals**. It's time to get in line!

Rolling along into September!

Welcome back! 😊 **This month** we will continue to improve our **volleyball skill**! After that, we will learn to do various kinds of movements and exercises on the **mat**! We will make sure to practice our **Word Bank** words and do **reflections** or P.E. worksheets at the end of classes as well! Let's roll!

Hello 4th Graders!

This month, we will be learning about **perspective** and **distance**. We understand that when things are far away they look smaller and when things are near they look bigger.

Useful Words

distance

horizon line

perspective

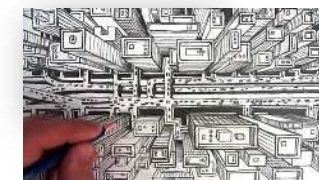

vanishing point

Perspective = the art of making something look **three dimensional (3D)**

There are three types of perspectives but we will be learning how to **draw eye-level perspective**.
